

STOCK UP ON NEW INTEL® SSD 660P TO EARN POINTS

Intel is making PCIe-connected SSD technology more accessible for the consumer market with the new Intel® SSD 660p, powered by innovated QLC flash memory technology.

QLC flash technology packs more data into each memory cell than TLC or SLC SSDs, which gives the Intel® SSD 660p twice as much storage capacity without taking up twice as much room inside a machine.
